

In Austria, the following European Registered Toxicologists (ERTs) are currently available with their expertise who you can contact directly by e-mail:

updated January 2025

Name	Expertise
<u>Adam, Janine Dr.</u>	Regulatory toxicology, REACH, hazard and risk assessment, metal toxicology, Developmental & Reproductive Toxicity, in vitro and in vivo toxicity testing
<u>Adler-Flindt, Sarah Dr.</u>	Regulatory toxicology, risk assessment of veterinary medicinal products, biocides and plant protection products, classification and labelling (CLP), 3R-methods
<u>Bade, Steffen Dr.</u>	Regulatory toxicology (industrial chemicals, biocides, cosmetics); hazard, exposure and risk assessment; classification & labelling (GHS/CLP); endocrine disruptors; biocides/preservatives; metal toxicology
<u>Blust, Volker Dr.</u>	Non-clinical development of pharmaceuticals, biocompatibility of medical devices, regulatory toxicology, toxicological risk assessment (impurities, extractables, or leachables)
<u>Bolčič Tavčar, Mateja</u>	Regulatory toxicology, risk assessment of plant protection products (mammalian toxicology, non-consumer exposure), classification and labelling of chemicals, biocompatibility of medical devices
<u>Braun, Dominik Dr.</u>	Food toxicology, analytical toxicology
<u>Burzlaff, Peter Arne Dr.</u>	Regulatory toxicology, hazard and risk assessment, nano toxicology, metal toxicology, genotoxicity
<u>Černe, Manica Dr.</u>	Experimental toxicology (study protocols, opinions on experimental results), occupational toxicology (health hazard assessment), regulatory toxicology (safety of pharmaceutical products)
<u>Chabicovský, Monika Dr.</u>	Regulatory toxicology, risk assessment, environmental risk assessment for pharmaceuticals, nonclinical development of pharmaceuticals, medical devices, and cosmetics
<u>Čoja, Tamara Dr.</u>	Regulatory toxicology, pre-clinical studies, risk assessment of plant protection products, classification and labelling of chemicals
<u>Del Favero, Giorgia Dr.</u>	Food contaminants, biotoxins, in vitro toxicology, superresolution and confocal microscopy, cellular biomechanics
<u>Dietrich, Barbara Dr.</u>	Preclinical evaluation of pharmaceuticals, toxicological risk assessments, regulatory toxicology
<u>Engel, Florian Dr.</u>	Preclinical evaluation of pharmaceuticals, in vitro and in vivo toxicity testing, toxicological risk assessments, regulatory toxicology
<u>Erdem, Zeynep Nesli Dr.</u>	Regulatory toxicology, risk assessment of plant protection products, 3R, alternative methods, in vitro and in silico methods, R
<u>Felder, Thomas Klaus Dr.</u>	Lipotoxicity, analytical toxicology, preclinical and clinical studies, risk assessment

<u>Fischer,</u> <u>Alexandra Dr.</u>	Regulatory toxicology, risk assessment of plant protection products, endocrine disruptors
<u>Fuhlrott, Jutta Dr.</u>	Regulatory toxicology (REACH biocides, cosmetics), risk assessment
<u>Gehrke, Helge Dr.</u>	Not specified
<u>Gostner,</u> <u>Johanna Dr.</u>	Biochemical toxicology, immunometabolism, in vitro toxicology, environmental chemicals
<u>Grasl-Kraupp,</u> <u>Bettina Prof. Dr.</u>	Genotoxic and non-genotoxic carcinogens
<u>Hafner, Michael Dr.</u>	Non-clinical safety assessment of pharmaceuticals, environmental risk assessment of pharmaceuticals, regulatory toxicology, toxicological risk assessment
<u>Harder, Volker Dr.</u>	Regulatory Toxicity Testing and Human Health Risk Assessment - REACH, Consumer Products, Pesticides, Biocides, Food and Feed Additives
<u>Hassmann, Ute Dr.</u>	Food toxicology, in vitro toxicology, toxicological evaluation, risk assessment, regulatory toxicology, REACH and CLP/GHS regulations
<u>Hoffmann, Dana Dr.</u>	Not specified
<u>Hofman-Hüther, Hana Dr.</u>	Regulatory toxicology, MDR, testing strategies for medical devices (worldwide), ISO 10993 expert, risk assessment of medical devices and combination products, biocompatibility, reprocessing of medical devices, packaging, 3R and alternative methods, toxicological risk assessment and evaluation of leachables and extractables
<u>Höbarth, Gerald Dr.</u>	Preclinical evaluation of pharmaceuticals, regulatory toxicology, toxicological risk assessment
<u>Hofstädter, Daniela Dr.</u>	Risk Assessment of contaminants, residues and natural plant toxins in food and novel food
<u>Hölzl, Christine Dr.</u>	Regulatory toxicology, REACH and CLP Regulation, hazard and risk assessment of industrial chemicals, identification of substances of very high concern
<u>Hornek-Gausterer, Romana Dr.</u>	Ecotoxicological risk assessment of industrial chemicals (REACH/CLP), especially of persistent, mobile/bioaccumulative and toxic substances (PBT/vPvB and PMT/vPvM), bioassays
<u>Hrdina-Zödl, Barbara Dr.</u>	Endocrine disruptors from a regulatory perspective
<u>Huber, Wolfgang Prof. Dr.</u>	Chemoprevention, Xenobiotic metabolism, Oxidative stress
<u>Kluxen, Felix Michael Dr.</u>	Regulatory toxicology, risk assessment of plant protection products, statistics
<u>Knerr, Stefanie Dr.</u>	Regulatory toxicology, REACH

<u>Kővári, Ágnes Dr.</u>	Regulatory toxicology, REACH, Biocides (BPR), CLP; alternative methods, read-across; toxicological evaluation, consulting in appeal proceedings
<u>Kresse, Matthias Dr.</u>	Regulatory toxicology, REACH, risk assessment, professional advice for rescue services in case of hazardous materials accidents, in vitro and in vivo toxicology
<u>Kroneis, Haru</u>	Environmental risk assessments for human and veterinary medicinal products, toxicological risk assessments of pharmaceutical impurities, assessment of veterinary medicinal products
<u>Leuschner, Renata Dr.</u>	Risk assessment of consumer products, regulatory toxicology
<u>Li, Qiang Dr.</u>	Computational toxicology; PK & ADME; toxicity testing
<u>Losert, Annemarie Dr.</u>	Regulatory Toxicology (REACH, biocides), certified expert in risk assessment (TRISK graduate)
<u>Lovsin Barle, Ester Dr.</u>	Pharmaceuticals: occupational health, classification and labelling, study management, hazard communication
<u>Macho, Nina Dr.</u>	Non-clinical development of biopharmaceuticals, toxicological risk assessment (impurities, extractables/leachables), ecotoxicology
<u>Majer, Bernhard Dr.</u>	Regulatory toxicology, toxicological risk assessment, preclinical and clinical assessment of medicinal products, EMA scientific advice
<u>Marko, Doris Prof. Dr.</u>	Food toxicology, molecular modes of action, in vitro toxicology
<u>Mayerhofer, Ulrike Dr</u>	Regulatory toxicology, exposure estimation, chemical risk assessment (food)
<u>Mišík, Miroslav Dr.</u>	Environmental genotoxicity, in vitro toxicology, chemoprevention
<u>Moeke-Knizhnik, Anna Dr.</u>	Biocompatibility, ISO 10993, risk assessment of medical devices and combination products, toxicological risk assessment, evaluation of extractables and leachables
<u>Nunic, Jana Dr</u>	Occupational toxicology (health hazard assessment), regulatory toxicology (safety of pharmaceutical products), classification and labelling (CLP), 3R-methods
<u>Pacher-Zavišin, Margit Dr.</u>	in vitro toxicity, genotoxicity
<u>Paparella, Martin Dr.</u>	OECD and European standardization of toxicological testing methods, validation of new in vitro/in silico approaches to testing and assessment, uncertainty analysis, risk assessment, classification, labelling and regulation of biocides and chemicals
<u>Paur, Jakob Dr.</u>	Regulatory toxicology, toxicological risk assessment, preclinical assessment of medicinal products, EMA scientific advice
<u>Piskernik, Christina Dr.</u>	Regulatory toxicology, non-clinical development of pharmaceuticals, toxicological risk assessment
<u>Plichta, Veronika Dr.</u>	Risk assessment of contaminants, food improvement agents and residues in food and novel food

<u>Prohaska, Christian</u>	Regulatory toxicology, risk assessment of plant protection products (consumer risk), setting of maximum residue levels
<u>Rauscher-Gabernig, Elke</u>	Human health risk assessment of contaminants and residues in food and drinking water
<u>Reichl, Patrick Dr</u>	Non-clinical development of medical devices and pharmaceuticals; toxicological risk assessment of medical devices, pharmaceuticals, combination products, excipients, materials, and impurities (extractables and leachables); regulatory toxicology; <i>in silico</i> toxicology (QSAR) in accordance with ICH M7 and ISO/TS 21726; chemical characterization and biocompatibility assessment per ISO 10993; toxicological evaluation of cosmetics.
<u>Rohrig, Ricarda Dr.</u>	Regulatory toxicology (REACH/CLP), toxicological assessments of chemicals, alternative methods/QSARs
<u>Schneider, Mandy Dr.</u>	<i>in vitro</i> Toxicology, ecotoxicology, genotoxicology
<u>Schröter, Anika Dr.</u>	Regulatory toxicology, nonclinical development of pharmaceuticals, toxicological risk assessment
<u>Schulze, Elisa Dr.</u>	Regulatory toxicology (REACH), risk assessment of chemicals, classification and labelling of chemicals
<u>Schwartz, Dirk Dr.</u>	Regulatory toxicology, REACH, risk assessment: human health and environment, <i>in silico</i> and <i>in vitro</i> toxicology
<u>Sommer, Tina Maria Dr.</u>	Not specified
<u>Stidl, Reinhart Dr.</u>	Biopharmaceuticals, certified expert on toxicological risk assessment of chemicals (TRISK graduate), pharmaceutical impurities, excipients, safety qualification of materials (extractables and leachables)
<u>Stureiner, Nicole Dr.</u>	Regulatory toxicology, non-clinical risk assessment of medicinal products for human and veterinary use
<u>Termeer de Amanqui; Svenja Dr.</u>	Regulatory toxicology, risk assessment (plant protection products), alternative methods and <i>in silico</i> analyses, endocrine disruptors
<u>Vaculik, Christine Dr.</u>	Regulatory Toxicology, preclinical assessment of medicinal products for human use, risk assessment of impurities in human medicinal products, excipients and extractables and leachables, environmental risk assessment of medicinal products for human use, EMA Scientific Advice
<u>Vasileva, Katya</u>	Regulatory toxicology, risk assessment and risk management of industrial chemicals (REACH, CLP, SVHC) and of biocides
<u>Vejdovszky, Katharina Dr.</u>	Chemical risk assessment, <i>in vitro</i> toxicology
<u>Vlachou, Christina Dr.</u>	Analytical & Forensic Toxicology; Analysis of chemical hazards in food and potable water; Exposure Assessment; Chemical Risk Assessment; Food Risk Assessment
<u>Walter, Martin Dr.</u>	Regulatory toxicology, toxicological risk assessment, pre/non-clinical assessment of medicinal products, impurity risk assessment in medicinal products, particle toxicology, metal toxicology

<u>Weigt, Stefan Dr</u>	Nonclinical Safety Evaluation of Pharmaceuticals, in vitro and in vivo Toxicology, Standard for Exchange of Nonclinical Data (SEND), Regulatory Toxicology, Translational Safety Assessment, Zebrafish Embryo Toxicity Studies, Ecotoxicology
<u>Wend, Korinna Dr</u>	Regulatory toxicology, risk assessment of plant protection products, classification and labelling of chemicals, non-dietary exposure, dermal absorption, micro-organism, RNAi, data bases
<u>Wiemann, Christiane Dr.</u>	Regulatory toxicology, risk assessment (pesticides, biocides, industrial chemicals, classification and labelling), experimental toxicology (dermal toxicity and exposure, in vitro toxicology)
<u>Winkler, Swantje Dr.</u>	Regulatory Toxicology, non-clinical drug development, risk assessment of impurities, excipients and extractables & leachables, environmental risk assessment of drugs, biocompatibility of medical devices, cosmetic products
<u>Zemann, Barbara Dr.</u>	Regulatory Toxicology, Non-clinical assessment of medicinal products for human use
